### **VIA equity announces final closing of VIA equity Fund V**

VIA equity is pleased to announce the final closing of VIA equity Fund V.

The VIA equity Fund V closing of EUR 250 million (DKK 1.9 billion) ends a very successful fundraising process.

Managing partner Benjamin Kramarz says: “We are extraordinarily proud that we, on plan, had a very successful closing of our Fund V during a period with unusual economic uncertainties and with a fundraising market in turmoil.”

“The inbound international investor interest for committing to VIA equity Fund V has been extraordinary and overwhelming. We have been in a situation where the interest was larger than our fundraising maximum. Accordingly, VIA equity unfortunately had to disappoint interested investors that did not get into Fund V”, Benjamin Kramarz continues.

“Simultaneously, we are humbled and at the same time very pleased with the fact that all the important participants in VIA equity Fund IV, as for example J.P. Morgan Global Alternatives, Rothschild Merchant Banking, eQ, Cubera, Nordea and Gaardboe-Jensen family office, have committed to continue the cooperation with VIA equity in VIA equity Fund V.”

The new limited partners in VIA equity Fund V are high caliber international brand name investors and other acknowledged organisations, among others including Qualitas, RAG Stiftung, Chr. Augustinus Fabrikker, Private Equity Club SCSp, AKF Invest CPH, Penguin Capital, and Dansk Vækstkapital.

VIA equity’s strategy remains unchanged, and VIA equity has been fundraising on a strong platform of excellent performance for VIA equity Fund II, VIA equity Fund III and VIA equity Fund IV.

The VIA equity Fund V finances all new VIA platform investments.
