

Datakvalitet and PlusOffice partners with eSmiley and Mobaró to form WeKomply

Hellerup, Denmark 8th of April 2024. Datakvalitet and PlusOffice have decided to join forces with eSmiley and Mobaró to become the fundament of WeKomply ApS. To reflect the various brands and overall strategy, WeKomply will be the overarching group name and new, joint representation.

WeKomply, with a portfolio of several leading software solutions within compliance, checklists, quality assurance and risk management space, is on its way to becoming a leading Nordic platform for software solutions supporting more than 10,000 customers across Europe and the US. WeKomply is committed to providing market leading and reliable software solutions that help our customers meet the challenges of an increasingly complex task to stay compliant and ensure the highest standards of quality assurance and operational excellence.

Offering both more general solutions within risk management, regulations compliance, quality management, internal control, and more niched solutions e.g. for food safety compliance, WeKomply has relevant offerings for almost any company.

“Compliance, risk and quality management are mega trends that all companies must deal with today. We have created WeKomply to be a solid partner for customers now and in the future. We see enormous potential in unlocking both organic and inorganic growth opportunities in the coming years”, says Peter Thorlund Haahr, Partner at VIA equity.

Datakvalitet is a Norwegian provider of cloud-based quality management systems, established in 1994 and headquartered in Tromsø. The system has a core offering; document handling and deviation reporting, supplemented by an additional 20 modules covering areas such as risk analysis, audits, GDPR compliance, process optimization, and more. Targeting larger businesses with over 200 employees, Datakvalitet ensures quality and control throughout the organization.

During the past five years, Datakvalitet has undergone a successful cloud-transformation and today serves c. 200 Norwegian blue-chip customers across both the private and public sector. Emerging as the leading provider of quality management systems in Norway, Datakvalitet has an impressive customer base including renowned names such as Torghatten, Coop, VY and Helse Norge. The company has been owned by the management and key employees, who will re-invest alongside VIA equity and the other shareholders of WeKomply.

“Speaking on behalf of the management of Datakvalitet and myself, we are very excited about our new partnership with VIA equity and WeKomply. In this constellation we can continue to build on the strong DNA of Datakvalitet and its employees and at the same time have a strong sparring partner to further accelerate growth and develop our platform. We are confident that joining WeKomply will enhance our ability to service our customers the best possible way.”, says Emil Rakoczy, CEO of Datakvalitet.

PlusOffice is a Norwegian-based company offering software solutions for HSE (Health, Safety, and Environment), HR and Time Registration. The core software module encompasses a range of HSE functionalities, including internal control, risk analysis, personnel management, sick leave, vacation management, and employee handbook integration to comply with regulations. The demand is driven by Norway's comprehensive HSE regulations applicable to all companies with more than one employee.

Since being founded in 2017, PlusOffice has experienced a remarkable growth and today serves +2,100 Norwegian SMBs across a variety of sectors. The company has been owned by the management and key employees, who will re-invest alongside VIA equity and the other shareholders of WeKomply.

“On behalf of the PlusOffice management, we are excited to be partnering with WeKomply and VIA equity. We see this as a great opportunity to take PlusOffice to the next level and support future growth by fostering cooperation and synergies together with the various brands within WeKomply. Ultimately, this will benefit both our employees and customers.”, says John Strandmyr, CEO of PlusOffice.

WeKomply ApS is owned by VIA equity Fund IV K/S and the management. No further details will be shared regarding the transaction.
